HYGIENE

ingo-slide

Hygenic waste bin
for hands-free operation

HANDS-FREE HYGIENIC.
UNPARALLELED.

When disposing of waste, the hygienic „no-hands principle" ensures effective protection against the spread of bacteria and germs - critical in healthcare settings. This is exactly where OPHARDT hygiene's new hygienic waste disposal unit, makes its mark. The ingo-slide is designed to be mounted either on nurses' trolleys or on walls, and opened using a patented mechanical opening feature when tipped lightly by foot. When disposal is complete, the ingo-slide can be closed with a gentle touch of the knee.

- Hygienic, hands-free operation
- Simple to use: open with toe / close with knee
- Robust Material (Stainless steel AFP or powder coated)
- Volume: 15 or 25 liter
- Soft-closing
- Storage for spare rolls of plastic bags
- Dimensions: 15 liter: W 400 x H 598 x D 170 mm
  25 liter: W 420 x H 598 x D 210 mm

	Description	Art.-No.
ingo-slide 15 E AFP	Stainless steel with Anti-fingerprint Coating, 15 l	1422612
ingo-slide 15 P	Powder coated white, 15 l	1422613
ingo-slide 15 P Midnight Series	Powder coated deep black dull, 15 l	1422845
ingo-slide 25 E AFP	Stainless steel with Anti-fingerprint Coating, 25 l	1422614
ingo-slide 25 P	Powder coated white, 25 l	1422615
ingo-slide 25 P Midnight Series	Powder coated deep black dull, 25 l	1422844
